## BAND STORY

"

The 212C Record Label is home to over 20 different artists and producers working together to bring you 100 percent original hip-hop, r &b, rock, and reggae music. They also offer instrumental tracks for any thriving solo artist or group. This company, and many of its artists, have stood the test of time with there unique style and skill, on and off of the microphone.

The unique mixture of genres comes from many years of reggae and hip-hop production, mixed with the sounds of the new styles of music that we all love. That means we must always search for the ones who stand out now and hold on to the ones who can change with the times.

We're also woking very hard to please our listeners. Keeping a strong fan base means working hard to stay up to date on information about the artist and new materials we'er working on. It also means having a place where they can go to check out our artists and also download free songs. If you have any questions or comments, feel free to send us a
